

# Dental Health Certificate

**Parent/Guardian:** New York State law (Chapter 281) permits schools to request an oral health assessment in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

## Section 1. To be completed by Parent or Guardian (Please Print)

Child's Name: Last First Middle

Birth Date:     /     /                      Sex:  Male                      Will this be your child's first oral health assessment?    Yes    No  
Month   Day   Year                       Female

School: Name Grade

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities?    Yes    No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

## Section 2. To be completed by the Dentist/ Dental Hygienist

**I. The dental health condition of \_\_\_\_\_ on \_\_\_\_\_ (date of assessment) The date of the assessment needs to be within 12 months of the start of the school year in which it is requested. Check one:**

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Our guidelines are enforced to keep your child as safe as possible.  
If these guidelines are not followed, we reserve the right to cancel  
or reschedule your child's surgery.

## AUTHORIZATION FOR RELEASE OF DENTAL X-RAYS

In order for your child to receive a thorough examination, obtaining current x-rays is crucial. We evaluate x-rays every day to aid in making appropriate treatment recommendations for our patients.

If we do not receive your child's most recent x-rays, we may recommend re-taking them. If their last set of x-rays were taken less than 12 months ago, re-taking them could result in an out of pocket cost to you. If we need to contact your child's previous dental office on the day of their appointment, this may extend the length of their appointment by 45 minutes. We understand that parents lead busy lives. By giving you prompt service, your child will be well on their way to a more healthy and beautiful smile. **If your child's x-rays cannot be emailed from their previous dental office and your child's appointment is in less than two weeks, please obtain and bring physical copies of the x-rays.**

Otherwise, please fill out the bottom portion of this form and send it to your child's previous dental office as soon as possible. We greatly appreciate your assistance and we look forward to seeing you!
